BELIEVE ROBBERIES OF LAST WINTER WILL BE CLEARED UP

Steeple Jack Arrested in Washington and Will be Brought Here

SUITCASE FOUND IN ROOM

Other Property Removed in February From Homes of Charles F. Thompson and Kerfoot W. Daly On Fifth Street is Recovered

That the next few days will bring about the clearing-up of the robberies of last February 23 of the homes of Kerfoot W. Daly and Charles F. Thompson on Fifth street is the belief of the police, who working with the Washington police already have recovered much of the property stolen therefrom. A man in Washington known as Steeple Jack is under arrest and will be given a preliminary hearing probably today in Charleroi before Justice of the Peace H. W. Scott.

Ever since the time of the burglaries the police have been at work trying to solve the mystery. Within the last month an arrest was made but evidence was not produced to hold him. It was learned that Steeple Jack had been in this vicinity about the time of the burglary. He fitted the description, so recently the local police, armed with a search warrant visited the county seat where he was said to be living.

The Washington police cooperated. Steeple Jack was arrested on the street on some sort of a charge, and the Washington and Charleroi officers went to his home. They found there an empty suitcase bearing the initials "C. F. T." which are Mr. Thompson's initials. Later the suitcase was identified as the one stolen. From that time forth until Thursday night of this week efforts were continued to locate the remainder of the stolen property. Some of it was picked up in a pawnshop in Pittsburgh, Steeple Jack being taken there. Jewelry, furs, a coat and other articles were recovered, so that direct evidence will be offered against the man. After an effort is made here to identify him he will be taken back to Washington to await trial.

"Steeple Jack is a man of uncertain habits, from what can be learned and a man who goes about from place to place climbing buildings and steeples for what he can collect.

PLAN CANNING DEMONSTRATIONS

Washington County Farm Bureau Will Assist Charleroi Women

TO USE SCIENCE DEPARTMENT

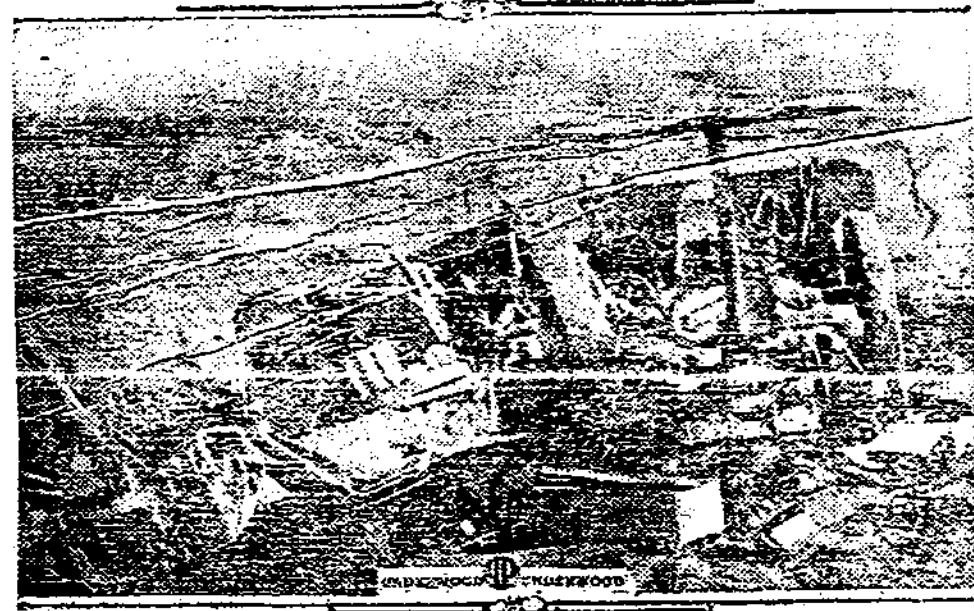

Plans for conducting canning demonstrations were adopted by the Woman's Suffrage party in meeting Thursday evening at the home of Mrs. R. J. Whitehead on Prospect avenue. Two demonstrations will be held with experts present from the Washington County Farm Bureau, the first on a half day the first part of July and the second on an entire day in August. At other times during the canning season there will be demonstrations. All the work will be done at the high school domestic science department. A surplus of canned goods will be prepared for sale at a reasonable price in autumn.

Plans were adopted for raising money to carry on National Defense work and a committee composed of Mrs. J. Teitelbaum, Miss Mary Chester, Mrs. F. W. Pieper and Mrs. H. W. Tweed was appointed to be in charge. Miss Mary Chester and Mrs. Fred Clertine were named to have charge of the Red Cross sale for the party. Mrs. T. L. Pollock resigning as secretary, Mrs. A. J. Whipple was appointed temporarily. The regular monthly meetings in July and August, it was decided, will be held in connection with the canning demonstration.

EXTRAORDINARY ATTRACTION

PALACE THEATRE
Tonight and tomorrow. One of the most exceptional Vaudeville attractions that has been billed for the amusement seeking public of Charleroi and vicinity, arrange to see this great attraction tonight.

Hun Battery "Smashed to Smithereens" When French Shell "Hits its Mark"

When a shell fired from the heavy field pieces behind the French lines hits its mark, the hit is generally recorded with the human toll. Here is an instance where one has hit. A German battery in back of the lines was being brought into position when the shot was fired. The battery was literally "smashed to smithereens." The photograph was made during the battle of the Craonne, which was one of the most intense of the spring drive of the British and French. This gun was being brought up in an effort to stem the tide of the Allied victory on this field. But, alas, it was too late.

A Little Matter of Commonplace Toothpicks

Figures are convincing, and they say that the toothpick has lost none of its popularity. One wholesale dealer announced in New York City recently that he sells about 3,000 cases a year, and a case contains 1,728,000 "picks." A case sells for about \$25 and this wholesaler, under oath did a business of \$75,000 last year. In other words, he alone sells 5,184,000,000 toothpicks a year. The toothpick has lost little of its popularity in the greatest American city.

ZANANA CLASS TO PRESENT "SEWING FOR THE HEATHEN"

"Sewing for the Heathen" this is what the members of the Zanana class of the Methodist Episcopal Sunday school will present tonight at the church. "Sewing for the Heathen" is a play with a decided interest. Numerous tickets have been sold for the production.

Her escape, finding of true love and recapture are thrilling and interesting.

LOCAL CLUB ADDS NEW PLAYERS TO ROSTER

Danny Harrell, Red McKenna and George Queen Signed by Manager Register of the Pittsburgh Steel Products for the Season.

The Pittsburgh Steel Products company baseball team has been greatly strengthened the last week by the signing of three fast players. One of them is a former Charleroi player, none other than "Danny" Harrell, late of the Aluminum club of New Kensington. He will be seen around the tangle corner of the diamond in the future games.

Red McKenna, last year with the fast Vandergrift club will be seen in the outer garden. The third man is George Queen, a promising young pitcher, who will take his turn with Dischner and Rapp.

The backstop position will be taken care of by one who has had several years of minor league experience. Manager Register has said that he expects to have the fastest club in the valley and now he is making good on this statement.

The Products schedule in addition to the star game series with the Pittsburgh Steel and Monongahela clubs includes games with such teams as Ambridge, Allegheny Steel, Aluminum, Toledo Rail Lights, Akron, Canton and Altoona Railroad team, all being fast teams.

UNCLE JOHN BRASHEAR SPENDS FEW HOURS HERE ON FRIDAY

Charleroi Thursday was visited by the "most representative citizen of Pennsylvania," "Uncle John" Brashear of Pittsburgh who spent a few hours here with friends and on a business mission. In the same unostentatious manner in which he goes about his own home city he dropped in and when he had completed his business and visited the list of friends he had opportunity to see, departed the same way. Few knew of his presence here, otherwise he might have been surprised at the greeting for he is popular and in addition is a Monongahela valley man, Brownsville being his birthplace.

THE CONSCRIPT A PATRIOT

The man who preferred to enlist under the conscription act to enlisting as a volunteer before the day of conscription is every bit the patriot the volunteer is, and we doubt not that when the test comes the conscript in many ways and many an instance will prove the better soldier. No stigma is to be attached to the word conscript. Rather here should be pride in it.

Drafting of necessity was subjected to during the time of the Civil war and we got our bad impression of the name from that time when the nation found it necessary to impress men into service. In beginning this war conditions are different. While men are being impressed, it is true, the new system is being employed preferably to the volunteer system, and we already know with better results.

A nation that does not stand for the best for the majority is not very much of a nation. We rejoice to say that America does stand for the majority and that the government is in the interests of the people, and not a few plutocrats. The operation of the conscription law is only an extension of this sort of government, if we can only see it.

The United States is sure of an army now that will cope with the best of men. It will be of individual selection and truly representative because it will be composed of all classes. What better system of democratic organization could there be employed than that of registration? We would draw the adventurous in the first list of volunteers for war.

Are they the better fighters? Are they braver than the rest? Or are the serious minded persons who do not care for war, but will fight hard for what they know is right, the better? Selecting for defense of our home very frankly we should prefer the latter.

WANT CHEWING GUM; RING FIRE ALARM

Four boys aged from 8 to 11 years each got themselves into a peck of trouble just before noon today when they rang in a fire alarm as they said trying to get some chewing gum. They were from Monessen. Their slat box into which they expected to put their pennies was fire alarm box No. 24. They were taken to the police station where their names were taken and the names of their parents.

Drive Up Where You See This Sign

It's the high-sign for "good gas" in the merry motor world—the sign that popularized the "curb market" and banished all toll-gates on the Road to Engine Efficiency.

Talk about a temper in a teapot! Atlantic Gasoline is a whole gang of tempersters, but awaiting the magic spark that will translate it into terrific power, that your car or your truck may breeze along the highways like a thing of life.

The secret of Atlantic's success is in maintaining the famous uniform "boiling-point," ever and anon. You set your carburetor once per season—no fussing or fiddling with that delicate instrument each time you put-in a new lot of gas.

But—and here's the point—that "new lot of gas" must be Atlantic, each and every time. Pull-up where you see the Atlantic Gasoline sign. If your car could talk, it would ask for it.

DOWN AND OUT INSURANCE AGENT COMES BACK

HE IS NOW A LIVE WIRE

For a long time one of our best local Insurance men had been steadily going down hill, losing his ambition, disheartened, with no interest in existence, worried, nervous, no appetite and generally played out.

His family and friends were much worried. Doctors whom he consulted advised rest and drugs, both of which he tried but with no beneficial effects. Things were pretty discouraging until the Division Superintendent struck town and looked him up.

The condition was plain enough. "Old Pal" he said, "I've got your number sure, what you need and need badly and lots of it is good old Iron and Phosphate, your body is just craving for it. I can spot the trouble a block off, that pale, anaemic skin, tired sunken dull eyes, worried, nervous look, fagged and over worked brain all show the exhausted blood. Take my advice, get a box of Phosphated Iron at once and be a live one again. Wasn't I in the same boat myself a year ago? Say, it took right hold and you could fairly see it putting new life and ginger in me from the first day. I tell you, I know."

The agent's wife made a bee line to the nearest Drug Store and got a box and after one week's treatment you would not recognize the man. He had full red cheeks, his body and mind were active and he was full of the joy of life, in fact his complete rejuvenation was marvelous.

Back on the job everything seemed to come his way. Business came easy and was a pleasure, he was so full of life and good spirits. The days were short, where before they had dragged like weeks. His restoration was complete.

This is only one of the many cases that you can find in our own town. Phosphated Iron never fails to help any case of this type for by feeding

It's toasted

Toasting
makes things
delicious

THINK what toasting does to an everyday piece of bread. Gives it crispness, delicious taste, flavor: there's some excitement about a slice of fresh toast, buttered hot.

You like meat better when its cooked. You don't like raw coffee, do you. About 95% of all your foods are cooked.

No wonder you prefer your cigarettes with toasted tobacco now. The new Lucky Strike cigarette is giving thousands of men a new flavor—absolutely new! The Burley tobacco—it's toasted. Toasting holds the flavor. The way to have and to hold Burley flavor is to toast the tobacco, it seals it in.

We found that out; and gave you the real Burley cigarette—a new creation.

"Kie-Yie-Yie! Get Me 'Gets-It' Quick!"

2 Drops Make Corn "Fall" Off!

"I've joined the Never-Again Club.
Never again will I use anything for
corns but 'Gets-It'. Put 2 drops
of 'Gets-It' on, and from that sec-
ond the corn begins to shrivel."

"Oh, Don't Touch It! It's So Sore!"
"Gets-It" and It Will Never
Be Sore!

Instead of swelling up like a little
white sponge. Then it loosens from
your toe—and, glory hallelujah! the
corn comes off as though you'd take
a knife to your foot.

Yes, "Gets-It" is the corn discov-
ery of the age. More "Gets-It" is
sold by many times than any other
corn remedy in existence. Try it
and you'll know the reason why. It
takes two seconds to apply it, and
it dries at once. That's all. Don't
experiment—follow the experience
of millions and use "Gets-It."
"Gets-It" is sold everywhere. See a
bottle, or sent on receipt of price by
